

WAYLUBE OILS

S.O.C. LUBRICANTS® Waylube Oils are designed for lubricating slide ways of machine tools and can be used in other applications requiring a non-corrosive product with good extreme-pressure properties.

S.O.C. LUBRICANTS® Waylube Oils impart excellent lubricity and surface finishes as well as any necessary friction modification required.

S.O.C. LUBRICANTS® Waylube Oils have good water separation properties and contain rust and oxidation inhibitors. These waylube oils also contain a tackifier additive which maintains the oil in contact with the metal surface longer than other products, increasing the level of protection.

Available container sizes: Pails (5 gal); Drums (55 gal); Bulk (gallons) & Totes (275gal, 320, 330 gal)

Always follow manufacturer's recommendations.

Typical Properties:

Product: S.O.C. LUBRICANTS® Waylube Oils			
Product Code	1604		1607
ISO Viscosity Grade	68		220
Kinematic Viscosity @ 100°C. cSt (ASTM D-	9.0		21.0
Kinematic Viscosity @ 40°C. cSt (ASTM D-	64.6		238.9
Viscosity Index (ASTM D-2270)	114		103
API Gravity (ASTM D-1298)	29.9		28.0
